Get HAT Smart.

Recycle your compact fluorescent bulbs at The Home Depot.

A City of Medicine Hat Environmental Initiative

The Home Depot assures that each bulb will be recycled safely, so drop your CFL bulbs off and get HAT Smart along with The Home Depot.

Residents of Medicine Hat have gotten HAT Smart ... thanks to Project Porchlight and their effort to get each household to change just one light bulb to an energy-efficient compact fluorescent light (CFL) bulb. However, all good things must come to an end and when they do, CFL bulbs need to be recycled. The Home Depot has launched an in-store CFL bulb recycling program, helping people in the community make environmentally conscious decisions from purchase to disposal.
